Streamlining IT Procurement

Automating Standard Laptop Orders with Flow Designer

Phase 6 – Managerial Approval & Flow Execution

Individual Phase Technical Documentation

Project: IT Procurement Automation: Standard Laptop Fulfillment via Flow Designer

Platform: ServiceNow – Flow Designer, Service Catalog, Process Engine

Phase Focus: Complete and verify the approval gate that allows the automated fulfillment process to proceed.

1. Phase Overview

This phase is derived from the uploaded project documentation and expands the original phase activities with additional implementation and validation notes. The original document defines the ServiceNow lifecycle as Request (REQ) → Requested Item (RITM) → Catalog Task (SCTASK).

2. Detailed Implementation Steps

Step 1: Open the parent Request.

Step 2: Open the Approvers related list/section.

Step 3: Locate the pending approval with state Requested.

Step 4: Open the approval record or use Approve.

Step 5: Confirm state changes to Approved.

Step 6: Monitor Request/RITM for downstream processing.

Step 7: Review Flow Execution Details when needed.

Step 8: Confirm the flow remains Active and completes without error.

3. Additional Phase Notes

- Do not treat the request as ready for fulfillment before the configured approval is satisfied.
- Record the approval event as test evidence.
- Verify approval timestamp/approver where available.
- Use execution details to separate approval problems from flow configuration problems.

4. Configuration / Validation Table

Approval Check	Expected State
Initial Approval	Requested
Approver Action	Approve
Final Approval	Approved
Flow Condition	Approved request can proceed
Monitoring	Successful flow execution

5. Phase Completion Criteria

- All implementation steps completed in the appropriate ServiceNow environment.
- Configuration/validation values match the expected output for this phase.
- Evidence or remarks are recorded for handover to the next phase.

6. Documentation Record

Phase Status: _____ Tested By: _____ Date: _____
